#### Subjects

Other Subjects

#### Education cycle

First cycle

#### Modules

Title	Code	Credits
Single module	0101	7.5

#### Advanced study in the main field

#### Grading scale

Pass / Failed

The requirements for attaining different grades are described in the course assessment criteria which are contained in a supplement to the course syllabus. Current information on assessment criteria shall be made available at the start of the course.

**Language**

Swedish

**Prior knowledge**

General entrance requirements for studies at a Swedish college or university; and work experience from the subject area of at least 24 months from the age of 18.

**Objectives**

Having completed the course, the student will have current knowledge of pig production. The course will give in-depth as well as interdisciplinary competence, deeply rooted in practice and with strong ties to the industry.

**Content**

- Anatomy, physiology and metabolism
- Feeds and feeding
- Breeding
- Animal health and protection of animals
- On-farm technique/Housing systems
- Production economy
- Monitoring of results
- Food processing
- Swedish pig production in the EU
- Research project

**Implementation**

Lectures at central gatherings ca 50 h (compulsory)

Exercises ca 20 h

Research project ca 20 h

**Examination****Requirements for examination**

Written home examination, examination and presentation of research project.

Completed compulsory items, approved home test and examination, and presentation of research project.

- If the student fails a test, the examiner may give the student a supplementary assignment, provided this is possible and there is reason to do so.
- If the student has been granted special educational support because of a disability, the examiner has the right to offer the student an adapted test, or provide an alternative assessment.
- If changes are made to this course syllabus, or if the course is closed, SLU shall decide on transitional rules for examination of students admitted under this syllabus but who have not yet passed the course.
- For the examination of a degree project (independent project), the examiner may also allow the student to add supplemental information after the deadline. For more information on this, please refer to the regulations for education at Bachelor's and Master's level.

### **Additional information**

- The right to take part in teaching and/or supervision only applies to the course date to which the student has been admitted and registered on.
- If there are special reasons, the student may take part in course components that require compulsory attendance at a later date. For more information on this, please refer to the regulations for education at Bachelor's and Master's level.

### **Responsible department**

Department of Animal Environment and Health
