Advanced study in the main field

Grading scale

Pass / Failed

The requirements for attaining different grades are described in the course assessment criteria which are contained in a supplement to the course syllabus. Current information on assessment criteria shall be made available at the start of the course.

Language

Swedish

Prior knowledge

Special competence in accordance with the requirements for the Animal Health Care programme.

Objectives

- To provide knowledge of nutrients and to orientate on the contents of these in different feedstuffs
- To provide orientation on the nutritional requirements of healthy animals of different age
- To provide information on the interpretation of analyses and feed tables and to use these in compiling feed rations

Content

- Nutrition and feeding

Implementation

This course is given in year 2. In some cases the course is given together with other courses or parts of courses. Lectures, theoretical exercises.

Examination

Requirements for examination

Written and/or oral examinations.

Passed examination and approved accomplishment of required duties. Participation in compulsory parts of the course.

- If the student fails a test, the examiner may give the student a supplementary assignment, provided this is possible and there is reason to do so.
- If the student has been granted special educational support because of a disability, the examiner has the right to offer the student an adapted test, or provide an alternative assessment.
- If changes are made to this course syllabus, or if the course is closed, SLU shall decide on transitional rules for examination of students admitted under this syllabus but who have not yet passed the course.
- For the examination of a degree project (independent project), the examiner may also allow the student to add supplemental information after the deadline.

For more information on this, please refer to the regulations for education at Bachelor's and Master's level.

Additional information

- The right to take part in teaching and/or supervision only applies to the course date to which the student has been admitted and registered on.
- If there are special reasons, the student may take part in course components that require compulsory attendance at a later date. For more information on this, please refer to the regulations for education at Bachelor's and Master's level.
