

PVG0043, How to write your first grant application, 1.0 Hp

Syllabus

Valid from: HT2007

Level within study regulation:

Third cycle

Subject:

- Biology

Grading scale:

Pass / Failed

Course language:

Swedish

Entry requirements:

Admitted to a postgraduate program in animal science, biology, veterinary medicine, food science, nutrition, nursing, or related subjects, or to a residency program in veterinary science

Objectives:

After completing the course, the student shall be able to:

- 1) Describe the different grants that are available
- 2) Explain how to find suitable calls

- 3) Use the information provided in the call to prepare a template for the application
- 4) Describe what the assessors look for in the application
- 5) Explain how to prepare a budget for a grant application
- 6) Describe how to fill in an electronic application form

Content:

The course will consist of a series of short lectures and demonstrations, plus some exercises that the students do themselves in groups, and individually. There is a voluntary written assignment to write a grant application.

Modes of assessment:

Attendance of all lectures, satisfactory participation in the group and individual exercises. - If a student has failed an examination, the examiner has the right to issue supplementary assignments. This applies if it is possible and there are grounds to do so.

- The examiner can provide an adapted assessment to students entitled to study support for students with disabilities following a decision by the university. Examiners may also issue an adapted examination or provide an alternative way for the students to take the exam.
- If this syllabus is withdrawn, SLU may introduce transitional provisions for examining students admitted based on this syllabus and who have not yet passed the course.
- For the assessment of an independent project (degree project), the examiner may also allow a student to add supplemental information after the deadline for submission. Read more in the Education Planning and Administration Handbook.

Organisation:

Department of Clinical Sciences

Supplementary information

Other information:

- The right to participate in teaching and/or supervision only applies for the course instance the student was admitted to and registered on.
- If there are special reasons, students are entitled to participate in components with compulsory attendance when the course is given again. Read more in the Education Planning and Administration Handbook.
