

Syllabus

BI1389.1 Biochemistry, cellbiology and microbiology, 15.0 credits

Biokemi, cellbiologi och mikrobiologi

The course is given Ethology and Animal Welfare (BSc)

Version 1 in Slukurs. Corresponds to version 1 in Ladok

Syllabus approved

12 November 2020

The version applies to students admitted from spring 2022

The version is not a module version

Subjects

Biology

Education cycle

First cycle

Modules

| Title | Code | Credits |
|---|-------------|----------------|
| Biochemistry - Laborations and exercises | 0102 | 1.0 |
| Biochemistry - Intermediary metabolism | 0103 | 4.0 |
| Cell biology - Anatomy, function and tissue | 0104 | 4.0 |
| Bacteriology | 0105 | 2.0 |
| Immunology | 0106 | 2.0 |
| Virology | 0107 | 2.0 |

Advanced study in the main field

First cycle, entry requirements only from upper secondary school (G1N)

Grading scale

5:Pass with Distinction, 4:Pass with Credit, 3:Pass, U:Fail

The requirements for attaining different grades are described in the course assessment criteria which are contained in a supplement to the course syllabus. Current information on assessment criteria shall be made available at the start of the course.

Formats and requirements for examination

.

- If the student fails a test, the examiner may give the student a supplementary assignment, provided this is possible and there is reason to do so.
- If the student has been granted special educational support because of a disability, the examiner has the right to offer the student an adapted test, or provide an alternative assessment.
- If changes are made to this course syllabus, or if the course is closed, SLU shall decide on transitional rules for examination of students admitted under this syllabus but who have not yet passed the course.
- For the examination of a degree project (independent project), the examiner may also allow the student to add supplemental information after the deadline. For more information on this, please refer to the regulations for education at Bachelor's and Master's level.

Additional information

- The right to take part in teaching and/or supervision only applies to the course date to which the student has been admitted and registered on.
- If there are special reasons, the student may take part in course components that require compulsory attendance at a later date. For more information on this, please refer to the regulations for education at Bachelor's and Master's level.

Responsible department

Department of Anatomy, Physiology and Biochemistry

Cooperating departments:

Department of Biomedical Sciences and Veterinary Public Health

Supplementary Information

Finalized by: Programnämnden för utbildning inom veterinärmedicin och husdjur (PN - VH)

Biology Area: Cell Biology
