Syllabus

PNG0072 How to write and publish a scientific paper in molecular sciences, 5.0 credits

Syllabus approved

2017-09-13

Subjects

Biology

Education cycle

Third cycle

Grading scale

Pass / Failed

The requirements for attaining different grades are described in the course assessment criteria which are contained in a supplement to the course syllabus. Current information on assessment criteria shall be made available at the start of the course.

Language

English

Prior knowledge

Basic knowledge in English

Objective, including learning outcomes

After completing the course the student shall be able to

- Develop an individual publishing strategy

- Avoid common mistakes in the writing process
- Select the suitable journal for publication
- Communicate with editor

Content

The course will consist of seminars and group discussions (once a week; duration of each seminar is 3 hours) as well as writing a paper. Prior to each seminar the students will get homework to prepare. This homework will contain reading of distributed literature and writing a given part of manuscript.

Requirements for examination

Submission of own manuscript for publication

Additional information

Time: HT 2017, 50 %, Daytime

Responsible department

Department of Molecular Sciences
